## STOCKS ARE RISING

VOLUME OF BUSINESS AND DEMAND ON 'CHANGE IS INCREASING.

The Bond Market Shows an Advancing Tendency-Local Grain Nem and Quotations Are Higher.

At New York, yesterday, money on call was easy at 11/202 per cent.; last loan, 11/2; closed, 11/2 per cent.

Prime mercantile paper, 495 per cent. Sterling exchange was firm with actual business in bankers' bills at \$4.89% (14.89% for demand, and at \$4.88%@4.88% for sixty days; posted rates, \$4.881/204.891/2 and \$4.90 @4.901/2; commercial bills, \$4.871/2604.87%. Silver certificates, 67%@68%c; bar silver, 66%c; Mexican dollars, 55%. At London bar silver has advanced to 30% per ounce. Total sales of stocks were 285,984 shares, including: American Sugar, 28,400; Atchison, 5,700; Baltimore & Ohio, 5,600; Burlington, 5,200; Chesapeake & Ohio, 3,500; Chicago

Gas, 21,100; Delaware & Hudson, 3,300; C., C., C. & St. Louis, 3,700; Delaware, Lackawanna & Western, 4,600; Distilling certificates, second assessment paid, 3,400; Distilling certificates, third assessment paid, 7,100; Kansas & Texas, perferred, 13,000; Louisville & Nashville, 4,100; Louisville, New Albany & Chicago, 4,700; Louisville, New Albany & Chicago, preferred, 3,100; 8,900; Northwest, 8,000; Reading, 48,400; Rock land, 4,600; St. Paul, 11,100; United States Leather, preferred, 3,900; Wabash, preferred, 8,500; Western Union, 4,400.

Stock market, yesterday, taken as a whole, was strong and the volume of business was quite large at the opening of busiess prices moved irregularly within a narrow range, but speculation soon became strong and an upward movement was inaugurated which continued in force until about 11 o'clock when the market again became unsettled and rather quiet. The coal shares were notably strong and active, the buying therein being due to reports that a basis of agreement was nearly reached by the coal carrying roads and that yesterday's meeting of operators was likely to reach a settlement. New Jersey Central rose 2%, Delaware & Hudson, 3¼; Delaware & Lackawanna, 2, and Reading, on very heavy purchases, 1% per cent. Realizing sales in later dealings caused a reaction in these shares of 1/60% per cent., the latter in New Jersey Central. The advance in the Louisville, New Albany & Chicago stocks was continued, notably came strong and an upward movement was The advance in the Louisville, New Albany & Chicago stocks was continued, notably in the preferred, which sold up 2½ per cent. to 28¼, closing at 27½ per cent. The common rose 1 per cent. to 8½, reacting ½ per cent. The improvement in the shares is due to the announcement that the money to finance the road, amounting to about \$1,000,000, is practically in hand and will enable the company to liquidate the floating debt, take up the equipment obligations and pay the cost of important improvements. This operation, it is said, will reduce the interest charges. After midday the general market continued active and buoyant and some material advances were

the general market continued active and buoyant and some material advances were recorded, but about 1 o'clock eased off a fraction and the dealings became quiet. The market continued in this tone until the final trading when the speculation became steadier. The late losses were only partial and a majority of the list is up on the day, notably Pullman, 3 per cent.; Delaware & Hudson, 2%; Iowa Central, preferred, 2%; Chicago Gas, 1%; Louisville & New Albany, preferred, 1%; Leather Preferred, 1%; New Jersey Central, 1½; Delaware & Lackawanna, 1%; Reading, ½; Ohio Southern and Lead preferred, 1 per cent. The losses are fractional except for Cordage Guaranteed, which is down 1 per cent. The market closed fairly steady.

teed, which is down 1 per cent. The market closed fairly steady.

The bond trading during the day was strong and the sales were \$3.661,000, which is the heaviest business done in any day for more than a year past. Transactions in Atchison fours were \$666,000, and a gain of 1½ per cent. was made on the day. The buying of bonds was induced largely by the action of the English bondholders' meeting, in accepting the reorganization plan. International & Great Northern thirds sold at 28, against 21, March 26, Other notable gains were Cedar Falls & Minnesota firsts, 3 per cent; Louisville & New Albany fives, 2%; Louisville & New Albany fives, 2%; Louisville & New Albany fives, 2%; Eric fifth extended and Northern Pacific seconds, 2 per cent. The only recessions of note were 2 per cent. each in Duluth M. & M. Land Grants and Chicago Gas firsts.

Government bonds were strong. State onds were dull.

LOOKING TOWARD BOSTON.

Christian Endeavorers Discuss the Coming Convention in That City.

Meridian-street M. E. Church was nearly filled with enthusiastic young people last night, the occasion being a mass meeting of the Christian Endeavor societies of Indianapolis and vicinity composing the local union. Dr. C. N. Sims, the pastor, gave a few words of welcome. Three-minute reports were then heard from the district convention held last Saturday and Sunday at Franklin. Different parts of it were told by Robert Hobbs, H. A. McCauley, Miss Cora Runyan, Master Reese, Miss Alice Somerville and Miss Tompkins. The trip to Bosville and Miss Tompkins. The trip to Boston, where the international convention will be held July 10 to 14, was described by F. C. Heath, who announced that the official trip from Indiana would be via the Lake Erie and the Wabash railroads, and from Detroit over the Canadian Pacific. The rate for the round trip will be \$19. Miss Jennie T. Masson spoke of the entertainment.

will be \$19. Miss Jennie T. Masson spoke of the entertainment.

"The Hub," by Miss Mary East, was regarding the historical attractions Boston offers. Rev. M. H. Appieby's topic was "The Spokes," in which he told of the speakers of the convention. The programme concluded with a song, "Boston, '95." After the conclusion of the programme all were invited to the church parlors. Ten young ladies, dressed in costumes of crimson and white, the Boston official colors, served free Boston refreshments of baked beans and brown bread. Indianapolis will send an enthusiastic delegation to Boston, and there thusiastic delegation to Boston, and there is talk of making an effort to secure the convention for this city in 1897.

WHEAT UP 1 3-8 CENTS

CLAMOROUS DEMAND AT THE OPEN-ING CAUSED A SPEEDY JUMP.

Perhaps 30,000,000 Bushels of the Leading Cereal Changed Hands-Provisions Advanced.

CHICAGO, April 22.-After a wild spurt at the opening and a slump in the middle of the session, wheat closed 1%c higher for May to-day. Heavy buying largely by shorts caused the advance. May corn closed %c higher, May cats 1/4c lower and provisions

at a slight advance. Wheat started up with a wild rush, opening trades being at 11/2c advance. Everyone wanted to get May at 61% and July at 6216c, and sellers, even at such tempting advances over Saturday's prices, were few. Almost instantly 62e was being bid for May and 63c for July, and it was only then that it was found possible by the greater number of the brokers having buying orders to find plenty of sellers. The on-rush to buy had obtained such an impetus, however, that 62%c and 63%c for May and July, respectively, were paid before the trading got into a regular swing. The last-named prices proved the high point of the advance, and it took only five minutes from the start to reach it. The excitement gradually subsided, and, having done so, the crowd began to look around for the cause of its alarm. Liverpool sent quotations of an advance there of from 11/2 to 2 per cental. Showers had visited the large area of the winter wheat country since Saturday; the Northwestern retry since Saturday; the Northwestern receipts at Minneapolis and Duluth numbered 4:7 carloads, compared with only 178 cars a week ago and 145 cars on the corresponding day of the year before. The total of the day's primary market receipts was 215,000 bu, against 237,000 bu. Export clearances were 306,000 bu in wheat and flour together from Atlantic ports. The visible supply decreased 1,861,000 bu, against a decrease of 792,000 bu at the corresponding time of the year before. The English visible supply decreased 1,250,000 bu for the week, the amount on ocean passage increased 1,290,000 bu. year before. The English visible supply decreased 1,250,000 bu for the week, the amount on ocean passage increased 1,920,000 bu. Argentine shipments for the week were 1,-840,000 bu, compared with 2,616,000 on the week before. On the increase in ocean passage and the visible supply decrease of about 700,000 bu less than had been looked for, the price of May slumped to 60%c in an irregular and unwilling style, but buying on a large scale set in again and carried the price back and up to 61%c, which was the price tolead at, July closing at 62%/662%c. Perhaps as much as 30,000,000 bu of May wheat must have been sold to-day.

Shorts, where their presence was comparatively unsuspected, have developed themselves in the corn pit in large numbers. The demand for that long-time-neglected cereal was surprisingly brisk when the market opened, as an advance of 1c in May and July at the start will indicate. The first prices were 48%c and 48%c, respectively, compared with 47½c for May and 47%c for July at the close Saturday. Those prices were quickly raised to 48%c for May and 49½c for July, and they proved to be the highest points of the day's range. Subsequently there was a decline in May to 47½c and in July to 48c, sellers, but in the end May had recovered again to 48%c and July to 48%c, both prices being bid as the session was closing.

Outs started very firm and active. Shorts

Oats started very firm and active. Shorts were still anxious, and bought freely. The advance in wheat and corn also figured conspicuously in creating higher prices early in the day. May started at 29%c and sold at 29%c. Elevator people took advantage of the high prices and disposed of their holdings almost regardless. The price dropped, and during the decline and at the lower prices buying was resumed and increased. A wild and panicky session was passed from that time on, slacking up slightly at intervals, but resuming again with greater activity. May sold off to 28%c, rallied to 29c and closed at that price. July delivery attracted the greater part of the attention. At the opening sales were made at 29%29%c, the decline took the price to 28%c, the rally to 28%c, where it rested, 1%c under Saturday's last quotation. The visible showed an increase in oats of 175,000 bu, which was quite influential in aiding the late weakness. Oats started very firm and active. Shorts

active day, but under the stimulus of the big business doing in wheat and corn, a moderate demand sprang up. Hog receipts were 25,000, instead of 20,000 estimated, but for to-morrow's run only 15,000 are expected. Opening prices for pork, lard and ribs showed advances of 15c in pork and .07½c each in lard and ribs. The first sales brought about the best prices of the day. At the close pork had established an advance for the day of 5c in May and 10c in July, lard .10c and ribs from .07½c in May to .05c in July.

Estimated receipts for to-morrow: Wheat, 48 cars; corn, 326 cars; oats, 234 cars; hogs, 15,000.

Heavy Purchases in New York. NEW YORK, April 22.—Activity and strength in wheat to-day brought to mind the scenes of other days, when fluctuations of 3c to 5c and transactions in eight figures were common. The market opened 21%c higher at one bound, with an excited trading that ran sales up to over 13,000,000 bushels by noon, and to 42,985,000 bushels for the entire day's business. Local shorts whose margins gave out were the most eager of the early buyers, but brokers had big orders from outside speculators and European operators, which were all one way, and prices shot right up to 65%c for May, against 63%c, the final figures of Saturday. No one seemed able to explain the advance beyond its being that result of an overflow of bull sentlment with which the market has been charged for two weeks or more past. At noon the market was 1½c off from the top, under heavy offerings of long wheat, but all the strength returned again in the afternoon, and with increased activity values moved up to the top notch again and closed strong. The for the entire day's business. Local shorts top notch again and closed strong. The final burst of strength was attributed by some to the decided advance in late conti-nental cables, coupled with reports of unfavorable crop news from Germany.

CHICAGO, April 22.—Cattle—Buyers have have held on for so long that their supplies of dressed beef have become greatly reduced, and consequently they were in the market. The result was a better demand for good fat cattle, and as the receipts will reach only about \$,000 head prices were about 10c per 100 lbs higher than during the latter part of last week. Common to strictly choice native steers sold at \$466, and anything fancy would have sold possibly for \$6.25. A carload of very nice 1371-pound Nebraska steers (not fancy) sold at \$6, but there were not many cattle good enough to sell very high, and trading was largely at \$5.5065.75. There was a good inquiry for butcher and canners' stuff, and cows sold actively, the larger part going for \$264.25. actively, the larger part going for \$264.25. Only about 600 cattle were received, and only about 600 cattle were received, and sales were fair at stronger prices, trading being largely at \$3.50@4.50.

Hogs—The demand in hogs started in active early in the day, both Western shippers and local packers being good buyers of desirable lots, and although the receipts were some 6,000 head in excess of the num-

were some 6,000 head in excess of the number expected prices were strong and higher in some instances. Later in the morning, after buyers had secured the larger part of the offerings, prices were not so strong. Common to choice hogs, weighing 200 lbs and upward, sold at \$4.75@5.10; light weights, weighing 140 to 195 lbs, at \$4.70@4.95, and pigs at \$4.25@4.50. In quality the offerings were very fair for Monday, and the bulk sold at \$4.90@5 for heavy and at \$4.85@4.95 for light and choice mixed, the demand running largely to choice large hogs.

In sheep, with estimated receipts to-day of 15,000 head, there was a good supply from which to make selections. For desirable lots prices were steady, with a good demand from the large local slaughtering establishments, and a very good business was transacted, but common goods sold slowly. Sheep sold all the way from \$2.50@3 for common up to \$4.50@4.65 for choice export lots, and lambs were in demand at \$3.50@5.50. Texas sheep sold at \$2.50@3.75, the better class being in good demand.

PURDUE CROP BULLETIN.

Shows Rain Is Needed in Parts of the State-Fruit Prospects. A. Houston, director of the Indiana weether service at Purdue, yesterday is and the following advanced crop refirst | port for the week:

port for the week:

"Coei weather, with harmless frosts on several nights, cloudy weather on most days, and no rain except in counties near the Ohio river, were not beneficial to crops in general, and vegetation advanced only slowly. Rain is much needed, especially in the central and northern portions, and although wheat is still in fair condition on clay ground, it begins to look spotted rain. Oats, clover, timothy, potatoes and although truck are coming up nicely, but and truck are coming up nicely, but overly. Rye stands well. Oats are sown and potatoes are all planted, except in a few counties. Plowing for corn progresses now rapidly, with the soil in fine condi-

tion; in few counties planting commenced. Tobacco in southeastern counties is coming on very well. Tree fruit and small fruit are getting well in bloom; peaches, plums and cherries only in few localities. Trees in general are leating slowly and are getting green in some localities. Small green insects have made their appearance, destroying the opening leaves and blossoms. Pasturage is in condition good enough to maintain the stock, but water is still scarce on many farms in the central and northern portions. Gardens are nearly all made and vegetables are coming up." tion; in few countles planting commenced.
